THE GAME OF LIFE

As the challenges of life begin to create unending complications, the world turns to a form of escape. Some unfortunately choose the easy way out, while others most graciously accept these challenges, knowing they will create a more dominant and successful person.

In our theme we will express the students of Serra's acceptance of complication, through the competitiveness and refinement of competition brought forth through games.

As we compete and challenge one another, we hold a common goal to become refined and sturdy for an unending battle, a battle in which we fight for the right to leave our impact upon the world. We, the future world, realize the art of living is to know how to enjoy a little and endure a lot.

THEME

THE 1983 EL PADRE TEAM

These well kept stats symbolize our staff's constant efforts for success. We, the yearbook staff, defied all the odds by producing what we feel is a VICTORY!

May you encounter SUCCESS in every season of your life.

THE FIRST QUARTER — one where mistakes and mental breakdowns often occur, not because of our unpreparedness, but for the presence of fear, which occurs through the lack of knowledge of the unknown. Therefore, activities, either educational or intramural, assist us in overcoming insecurities. To acquaint the students with the exceptional talents of their peers is to challenge them that they know the level of competition they face.

The students of Serra take pride in their activities. It's something from which the entire school can learn and it's something to enjoy.

As the FIRST QUARTER progresses so does the determination and refinement of our students. They become aware of one another's capabilities and learn to respect each other as brothers and worthy adversaries.

IN SEARCH

SPIRITUAL

HEALING

The Serra Search is a retreat program spearheaded by Father Pat and Mr. Mitchell. We sincerely appreciate their efforts in continuing Search retreats and weekly "circle prayer" time. The entire program is based on getting in touch with your inner being through communication with others and with God. Through this program many lost, despairing, and somewhat anguished students, find love, support, and a new refreshed and revitalized spirit.

Pictured directly above is the Search team: Trent Morgan, John Cummings, Earl Kindle (President), Mr. Craig Mitchell, Thomas Harris, Rev. Patrick Philbin, S.M.

The Hugh O'Brien Youth Foundation sponsors leadership seminars, exclusively for sophomores. This annual, all "expenses" paid Leadership Seminar, offers the participants the opportunity to meet and question renowned leaders of today about their future world. Last year, over 6,000 students participated and our representative was Harold Elden Hodges.

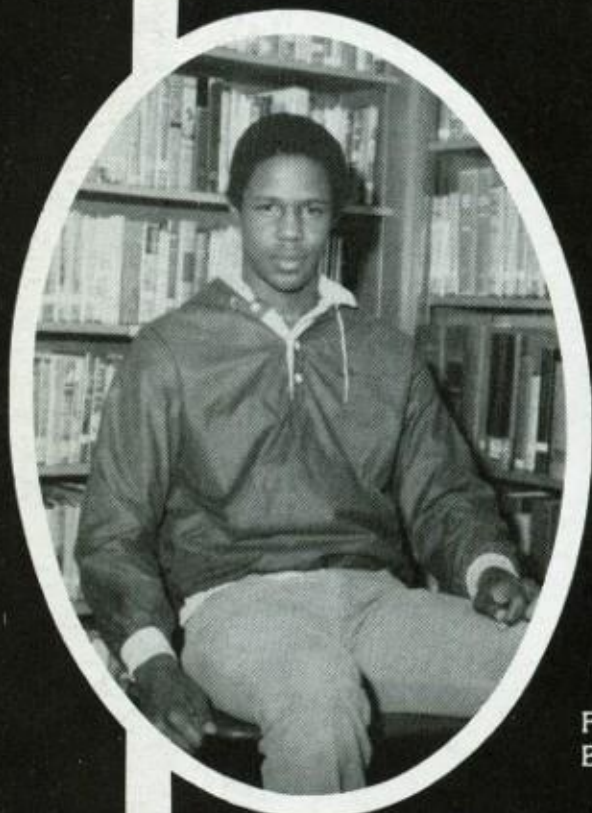

Boy's State, an annual event held in Sacramento, is an educational program which instructs young men in the art of leadership. Serra's participants during the summer of 1982 were Alan Richards and Thaddeus McGrew, pictured here with Brother Edwin Johnson, our principal.

The M.I.T.E. Program, an introductory engineering program, held at the University of California at Los Angeles, provides valuable opportunities in engineering for minority students. Two of our seniors qualified for this scholarship and participated in the program during the month of August 1982. They experienced, not only the educational richness of the program, but also enjoyed the on-campus living opportunities which included a real taste of college life. These two young men were Harold Mealey and Erick Bell who are aspiring to become electrical engineers.

Our 1982-83 Homecoming Queen, Pamela Coutee and her King, Derrick Brown reigned over the evening. We see Pamela crowned by Rhoda Gonzales, the 1981-82 Homecoming Queen.

Homecoming is something that is as much a Serra tradition as the school symbol, the Cavalier. It's something that is greatly anticipated by the Queens-to-be, as well as the Student Body. As each second ticks away and the time draws nearer, your bones begin to shake and you begin to wonder if you have a bad case of nerves. Surprise! You have just been crowned Homecoming Queen, 1982-83, PAMELA COUTEE.

Congratulations, Pamela Coutee, from the 1982-83 Yearbook Staff. May good fortune follow you the rest of your life!

Seniors!

Some glimpses of a typical day at Serra for seniors.

It's now the SECOND QUARTER, the quarter in which we adjust our behavior and attitudes to the level of competition. Visible at Serra there is no greater competition, more dominant, than that between the underclassmen. Each division strives to become champions in the field of academics as well as in athletics. This is the quarter in which we decide to discipline ourselves so that we will succeed in the future.

The underclassmen represent a driving force, instilled in the seniors as well as in the faculty, a force which creates a desire to succeed. The SECOND QUARTER is always the most competitive and demanding because it is the quarter which teaches us to work together as a team, inspired to win.

THE THIRD QUARTER — After a half time of evaluating ourselves, we make the decision to stay as we are or to improve ourselves by changing the negative aspects of our character.

We choose sports as our THIRD QUARTER because this gives the students the opportunity to improve themselves, to become more attuned to the thrill of competition and to the pride of victory. Sports give them the opportunity to become a disciplined part of something recreational and positive.

Our THIRD QUARTER symbolizes our constant efforts to improve ourselves and to become true, effective sportsmen of today's society.

Richard Oliver — Center, Offensive Captain, Three Year Letterman.

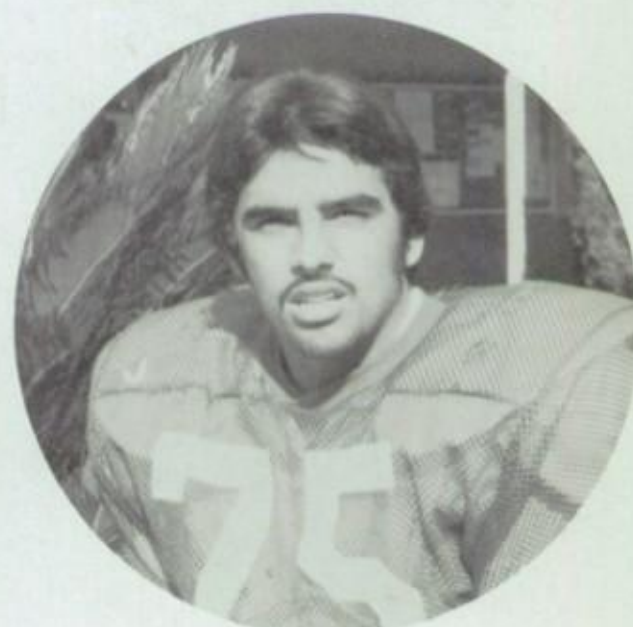

Was it a success? For many people the answer will be undecided, but for the young Cavaliers it was a definite success. This season has been called many things, but none more suitable than a rebuilding stage. The team was young and inexperienced. This season gave them a chance to experience true and vital competition. It also gave them the opportunity to become acquainted with a highly regarded new league. Although the seniors did not come out with a winning season, they know the effort was worthwhile and will pay off with future champs. Standouts were: defensively, Damian Lenon, who led the team in tackles, and Chris Wilkerson, offensively, Richard Oliver at center, was an All-League choice his junior year, and Trent Morgan, an all C.I.F., All South Bay punter.

Evan Brisbane — Defensive Back, Captain, Three Year Letterman.

Paul McCorkle — Guard, Captain.

Trent Morgan — Punter, Kicker, Special Teams Captain, Three Year Letterman.

Lindsay Murray — Wide Receiver.

Roy Eubanks — Wide Receiver.

Milton Scott — Guard.

The 1982-83 Serra Varsity Basketball Team was faced with one big problem entering the season. They were a very small team with no true center. However, this did not stop the Cavaliers from having a great season. What the Cavaliers did have was speed and great leaping ability, which they used to the fullest. Even though probably the smallest in Serra's history, this team was determined to win!

George Fuller leads the Cavalier charge.

Doug Theus, despite interference, soars to an easy score.

Keith Malone drives by a defender, as a teammate looks on.

Sean Lesassier is determined to score an easy two.

Serra's lower level squads had a very good year overall. The Freshmen squad was awesome at times, and very hard to beat. The Sophomores met the challenge of playing with a very small unit, but in the end came out looking very big. Then there was the J.V. squad which never gave up, and gave their all in each and every game.

Head Coach Jim Masterson gives his J.V. squad a little incentive just before the game.

Kelvin Boagni goes up against a weary Notre Dame defender.

Shawn Boykin leads a group of sophomores in a battle for the boards.

Rodney Lombard shows that little guys can score too!

The Serra Cross-Country team has shown enthusiasm that has been lacking in the past. For the first time in many years, Serra was able to field three complete teams. Although it had a disappointing season, the team shows promise for the future with most of the team members returning. They should prove a powerful force in the league in the years to come.

SERRA

CAVALIERS

THE YEAR OF THE CAVALIER

It's finally the fourth quarter, the quarter that counts primarily for the seniors. After three quarters of education and preparation, we, the seniors, are now victorious. It is crucial for us to continue this success, whether it be in higher education, in athletics, or in the responsibility of holding a job.

We, the senior class, acknowledge our success in school, and in turn, strive for success in the future. This final quarter symbolizes to us our constant struggles, and sometimes winless efforts. This final quarter is our quarter to evaluate ourselves, no longer as students, but as men of the future.

We, the senior class of Serra, take this last time out to extend our appreciation to those coaches and trainers of our character. It is now time for us to make our ultimate score — to win in the game of life.

"I have a dream that one day men will rise up and come to see that they are made to live together as brothers. I still have a dream this morning that one day every Negro in this country, every colored person in the world, will be judged on the basis of the content of his character rather than the color of his skin, and every man will respect the dignity and worth of human personality

"I still have a dream today that one day war will come to an end, that men will beat their swords into plowshares and their spears into pruning hooks, that nations will no longer rise up against nations, neither will they study war any more."

Dr. Martin Luther King

Father, You are the fresh air I breathe; You bring an excitement to me, as it were, a great shock of electricity to my soul. You bring out the fire in my soul and send in the cool freshness of the bees of Your land. You help piece the shattered glass of my life. You see through my heart as though You are looking through a window of love, caring, peace, and greatness.

A Man, James Nelson '85

ON WINGS OF PRAYER

Just close your eyes and open your heart and feel your worries and cares depart.

Just yield yourself to the Father above, and let Him hold you secure in his love.

For life on earth grows more involved with endless problems that can't be solved.

But God only asks us to do our best then He will "take over" and finish the rest.

So when you are tired, discouraged and blue, there is always one door that is open to you

And that is the door to "the house of prayer." I'm sure you will find God waiting to meet you there.

"The house of prayer" is no farther away than the quiet spot where you kneel to pray.

For the heart is a temple when God is there as we place ourselves in His loving care

He hears every prayer and answers each one, when we pray in His name "Your will be done,"

And the burdens that seemed too heavy to bear are lifted away on "The Wings of Prayer."

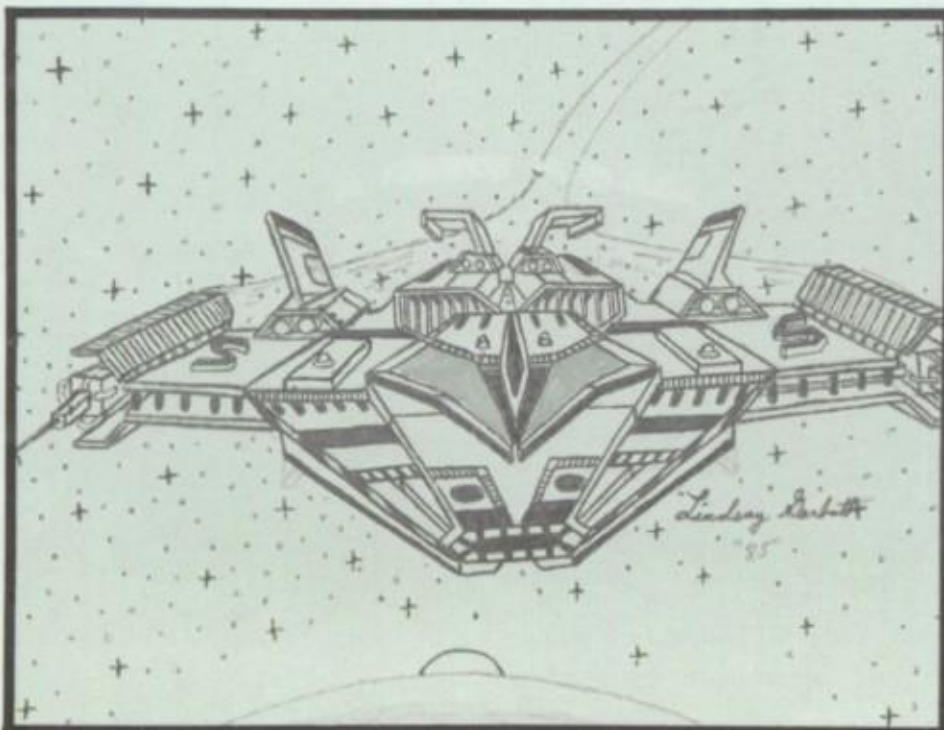

FAT ALBERT

Hey, Hey, Hey, it's none other than Fat Albert, the animated comedian who stole hours of Saturday mornings from the students of Serra. Fat Albert characterized the growing pains of adolescence and in doing so, captured the heart of Serra.
